

Hertford District Social Media

Scouting and Social Media

Setting up a Public Facing Instagram and Facebook Page.

Posts will highlight the range of activities that we do in Scouting.

The account can be used to raise the profile of Scouting within the local area who are not involved in the movement.

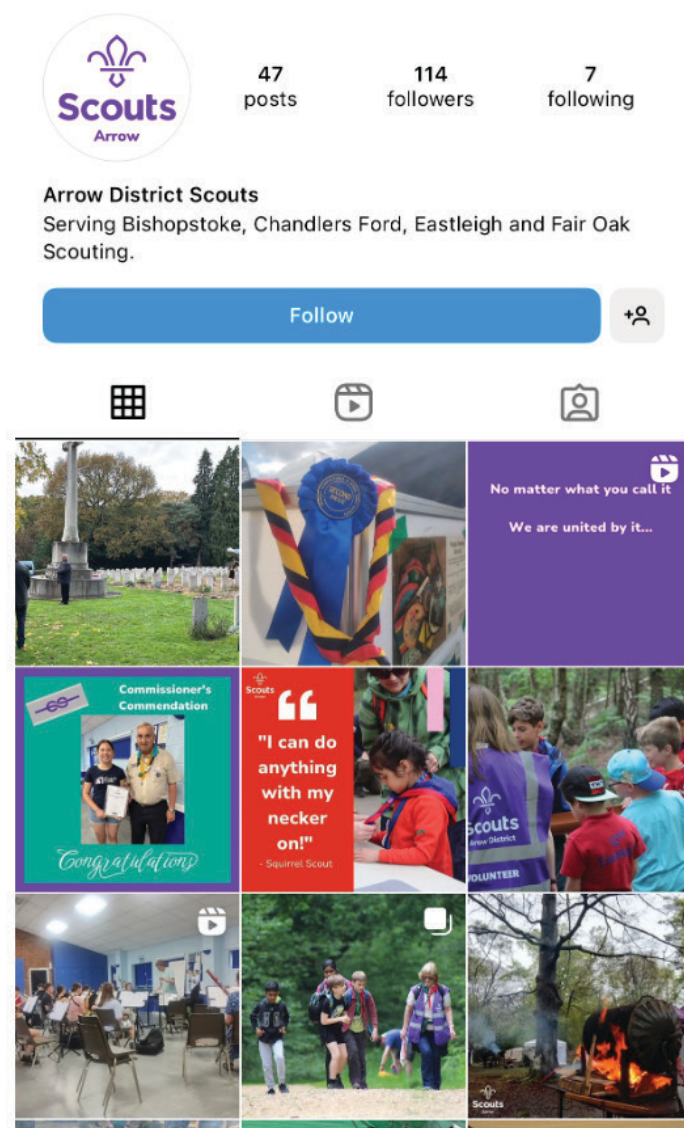

The accounts will help us to bring in new young people, trustees and adult volunteers.

Will allow us to Highlight exactly how to get in contact if you are interested in volunteering.

Youth Media Team

Invite Young Leaders and Explorers to help with running accounts.

Will help young people who would like to study media, marketing, film or photography with Job and University Applications.

Celebrate the achievements of Young People.

Raise the profile of top awards, encouraging people to achieve them.

Safety Concerns

Young people's safety will be a priority in creating these accounts.

There is a lot we can do with text, stock images and photos of the backs of heads from a distance etc.

Parents will be made aware that this change will be happening and allowed to remove photo permissions.

We will make parents aware of how to contact us with questions or if they wish to change their minds.

If you have further concerns, I am happy to chat :)
